GROUP COMPANIES

MEET THE TEAM

Mike White – **Group Operations Director**

Mike directs our companies growth and potential areas of development where we can add value to our clients business, whether by acquisition or opening new offices to continue our expansion plans.

Mark Scanlon – **Air Freight Commercial Director**

- Mark is responsible for our Air Freight product, Mark believes customer service is key to our companies growth by ensuring our clients demands are met. Mark travels extensively to meet new & existing clients along with developing relationships with overseas offices.

James Philpott – **Project Cargo Director**

James has recently joined Brunel Group as our Projects Director and is responsible for our high level heavy lift and Project Cargo Division. James brings more than 18 years experience within the industry.

ABOUT BRUNEL SHIPPING

Brunel Shipping is the deep sea ocean freight division for the Brunel Group of companies, and was established to provide innovative and customer centric freight forwarding solutions by sea freight. We believe in investing for the future and the core to our success is our people, infrastructure and information technology.

The way we bring success to our customers business is also in the reinvestment and evaluation of our business processes, and managing the constant changing environment by becoming an extension of their business, by offering dedicated account management and listening to your needs and requirements.

Our modern and fully equipped facilities have the capability of providing a full service import and export warehousing solution, we partner with our contracted sea cargo hauliers to provide cost effective import, export, customs clearance and goods handling across the world.

Brunel Shipping have strategic partnerships with a fully comprehensive and approved supplier base, with the same ethos and goals to ensure that each shipment is handled with precision and quality from start to finish
