GROUP OF COMPANIES

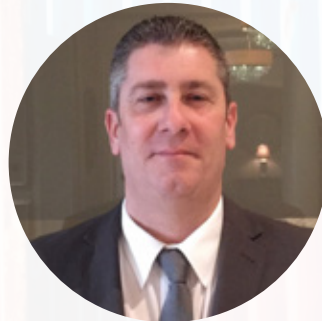

MEET THE TEAM

MIKE WHITE
Group Operations
Director

Mike directs our companies growth and potential areas of development where we can add value to our clients business, whether by acquisition or opening new offices to continue our expansion plans.

IVAN RUSSELL
European Director

Ivan is responsible for the development and growth of the European Division.

The European team's success is built on the high levels of customer service, communication and flexibility we are always able to offer the right solution for the customer. With this ethos we have seen the portfolio of clients grow continually year on year.

RICHARD DOUBTFIRE
Logistics Director

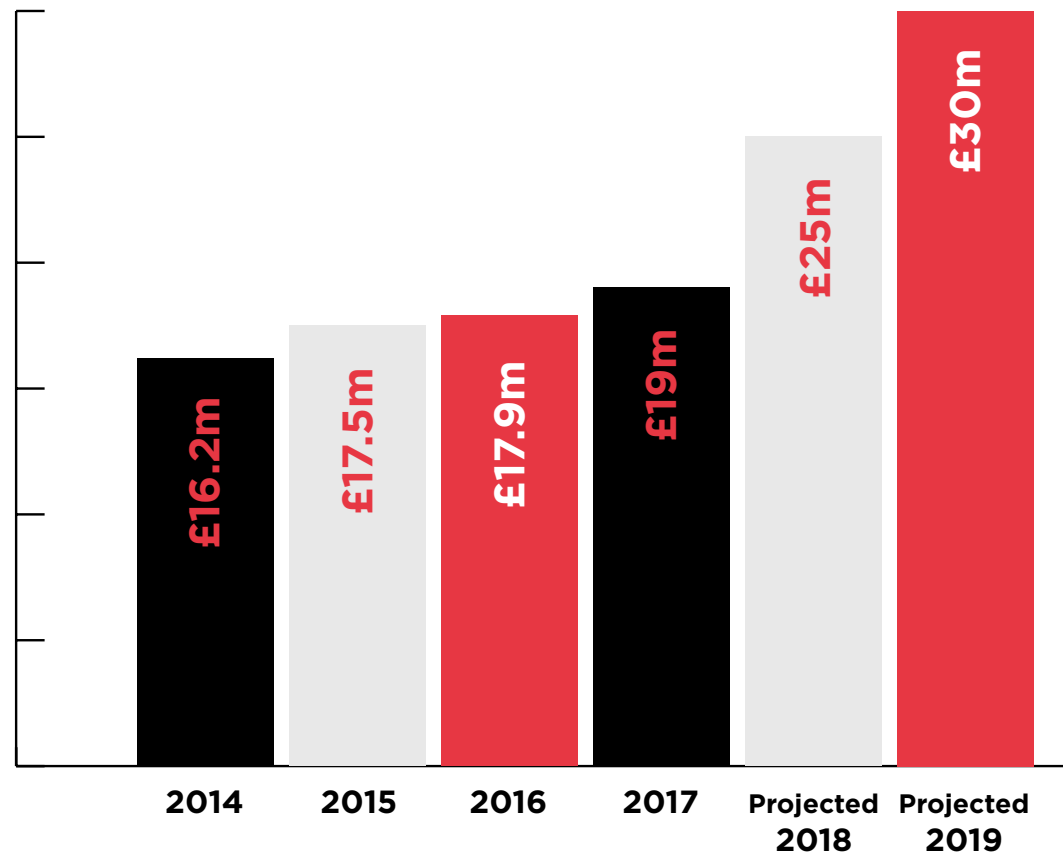

Richard has in excess of 30 years' of experience in the Freight Forwarding industry and collectively is responsible for our growth, client retention and acquisition of new employees. Richard believes in ensuring that the client's requirements are met and actively takes the time to visit and speak to our customers on a daily basis.

GROUP GROWTH

Brunel have built a solid structure over the past 4 years and are now enjoying year on year growth in all four sectors of our business, this is due to our constant investment in our People, IT and Infrastructure.

Below is a review of our financial performance, and projected growth for 2017 and beyond...

WHY OUR PEOPLE ARE THE BEST

- As one of the **UK's leading Ocean Freight NVOCC operators**, we appreciate the need for top quality staff. Brunel has grown organically since its inception, growing from the two founding partners back in 1998 to now having over **50 staff** and a turnover of over **£17 million in 2014**.
- Our search for the very best is key to our business, but more importantly "YOUR BUSINESS" and we expect 2018 to be close to **75 staff** with a turnover in excess of **£20 million**. We expect our growth to continue and will invest in our people, training and development
- Having the right staff is not only about us. It's about having the very best in the industry who can service our clients by giving them top class customer service and more importantly **cost effective, money and time saving freight forwarding solutions** that fit your needs.

ABOUT

Brunel is one the UK's leading Ocean Freight NVOCC operators with vast experience in the Chinese and Asian markets, importing from China & the Far East. We arrange weekly consolidations and FCL shipments and can cater for the needs of any company, no matter what the size or what type of cargo you need shipped.

We provide a door-to-door service to and from our specialist markets and offer tailor made solutions that focus on the needs of your specific company. We don't just serve the outlying ports of our destination markets, we go one step further, and with our partner haulage companies, guarantee the collection or delivery of your cargo from internal collection points within the country itself.

ABOUT

The European division has developed a strategic network of partners which enables Brunel to offer not only more flexibility and service range but also the right logistics solution for your company. With the ability to offer road and rail logistics services to or from any accessible destination

Adopting the companies ethos, which is to offer a global seamless end to end supply chain solution, our network is built on medium privately owned companies. This is what gives Brunel the flexibility to ensure we provide the correct solution.

Our aim is always to become an extension of our client's company and to develop long term partnerships. We also endeavour to offer the most cost effective solution without jeopardising a high level of service.
